DETAILED ACTION

Allowable Subject Matter

Claims 1-20 are allowed. The prior art of record does not disclose a system for temporarily hanging objects from siding while maintaining the integrity of the siding during and after the hanger is placed and removed, the system comprised of a hanger having an upper lip and a lower means for mounting an object, and a removal tool for engaging the upper portion of the hanger and having a hand grip, a stop block, a planar region, and a wedge with it's base on the stop block.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The cited patents listed on the included form PTO-892 further show the state of the art with respect to hanger and tool systems in general.
